

## **SY 26 – IT IN PATHOLOGY**

### ***VIRTUAL MICROSCOPY IN EDUCATION AND TRAINING***

17.30 - 19.00 - TUESDAY 8 SEPTEMBER 2009

ROOM BRUNELLESCHI

#### **CHAIRPERSONS**

**K. Metze (Brazil)**

**V. Della Mea (Italy)**

#### **SPEAKERS**

**17.30 - 17.45** Tutorial leader discussion in pathology courses analyzing the efficiency and consistency of virtual slide application

***Speaker To Be Confirmed***

**17.45 - 18.00** From text to information - how could pathologists contribute to free flow of medical information

**G. Haroske (Germany)**

**18.00 - 18.15** Medicine and humanities in the era of electronic information exchange

**A. Batistatou (Greece)**

**18.15 - 18.25** Digital slide and virtual microscope based graduate and postgraduate education program: a 3 year experience

**L. Fónyad (Hungary)**

**18.25 - 18.35** Four years experiences teaching pathology with the WebMicroscope to dental students

***Speakers To Be Confirmed***

**18.35 - 18.45** Postgradual training and digital case teleseminars

**A. Kiss (Hungary)**

**18.45 - 18.55** Quality control networks in immunohistochemistry using virtual microscopy

**K. Miller (Great Britain)**
